**Via email: [cbrennan@EHamptonNY.Gov](mailto:cbrennan@EHamptonNY.Gov)**

Ms. Carole Brennan, Town Clerk  
Town of East Hampton  
159 Pantigo Road  
East Hampton, New York. 11937

Dear Ms. Brennan:

Since its founding in 2000 the New Jersey Aviation Association has worked to promote, protect and preserve the multi-billion dollar general aviation industry in New Jersey and surrounding states. Proposals to restrict the use of any airport inherently have regional and not merely local impact. We are concerned about pending proposals to limit the use of East Hampton Airport, a valuable resource that is used by businesses and individuals from New Jersey and other states.

NJAA joins in the comments submitted by the Mid Atlantic Aviation Coalition on March 17, 2022.

We thank the Town for its consideration of our position in this important matter.

Respectfully yours,  
**New Jersey Aviation Association**
